THE ATTRACTION
power of
SILVALURE®

Vétoquinol
the biosecurity specialist!

ATTRACTION
The natural way

The **Silvalure**® fly control system represents an essential part of your farm's biosecurity program. Flies cause additional stress and are potential disease vectors for your animals. Provide a healthier environment for your livestock in a non-toxic and ecological way by choosing the **Silvalure**® fly control system.

THE SILVALURE®
System

The powerful **Silvalure System**® is the result of intensive scientific research, field trials, and more than 25 years in fly control experience. The combination of Silvandersson's long-lasting glue and patented 3D design makes the **Silvalure System**® uniquely qualified to suit all your fly control needs.

Furthermore, all **Silvalure**® fly control products are designed to provide the best possible effect with a minimal impact on the environment.

NON-TOXIC FLY CONTROL TO PROTECT YOUR FAMILY ENVIRONMENT

The *Home & Garden* line of fly traps is a non-toxic, simple, effective, environmentally-friendly, and natural way to control flies in homes, farm buildings, cottages, and recreational vehicles. Capture flies around the clock by using the attraction power of **Silvalure®**.

Silvalure Spiral

6 units/pack
12 packs/box

10 units/pack

- Unique Glue-System
- Easy to use
- Discreet

NON-TOXIC AND POWERFUL ENOUGH FOR YOUR HERD!

Silvandersson studies the behavioural pattern of flies. *AgriLine* incorporates this scientific expertise in a variety of fly traps rigorously designed for the farming industry. Long-lasting glue, specific patterns, 3D effects and fluorescent colours make *AgriLine's* **Silvalure®** products a very attractive and powerful way to efficiently lure flies away from your herd.
